

GOD IS AT WORK LOCALLY AND GLOBALLY

At Send Network, one of our values is *Seek first the Kingdom*, and that means taking the gospel beyond North America.

Send Network is partnering with the International Mission Board to mobilize church planters to experience the nations. These one-week vision trips are designed for Send Network-endorsed church planters in years one through three. As a part of Send Network, you can apply for one of these Global Vision Trips. The hope for each planter is to develop a partnership so that they can lead their own local church into faithful obedience of reaching the nations.

EACH TRIP WILL INCLUDE:

- Exposure to God's activity among the nations
- Practical ministry experience
- Long-term partnership opportunities
- An application process

APPLICATION PROCESS:

1. Select the trip for which you are most interested.
2. Visit our webpage and follow the application process: SendNetwork.com/globalvisiontrips
3. Submit a \$150 deposit with your application.

Note: Because space for these trips is limited, an application does not guarantee participation. A final determination for each applicant will be made based on a number of factors.
