

For
kids!

On the Farm

ACTIVITY SHEET

How seeds helped a family grow their own food!

Zahar was doing all she could to provide for her grandchildren, but it wasn't enough. Thankfully, Send Relief partners gave her a seed kit to start her own garden. Zahar can now feed her grandchildren with vegetables and fruit grown in their backyard. She also feeds other families in need by sharing extras from her garden.

Please pray for Zahar and her family and others around the world to come to know Christ.

Your gifts
help children
around the
world!

Can you help Zahar get
back to her home?
